

Internship opportunity – auctusESG (Mumbai)

auctusESG, a sustainable finance and climate transition advisory firm, is looking to onboard interns for a 4-month, full-time engagement, with candidates who can join immediately.

Location: Mumbai, Maharashtra

Eligibility

- MBA or Master's in Public Policy / Economics / Environmental Studies with early-career experience, or a graduate in a similar discipline with 2–3 years of experience
- Experience in climate or sustainability-related fields, impact consulting firms, or both

Skills

- Excellent written and oral communication
- Advanced proficiency in Microsoft Word and PowerPoint
- Knowledge of social media, marketing tools, or climate communication work is a plus (please highlight any relevant experience)

What we offer

- Hands-on exposure to live projects at the intersection of sustainable finance and climate transition, working alongside an experienced advisory team
- The role offers the opportunity to strengthen analytical, research, and communication skills while building a strong foundation in the climate and sustainability space
- A full-time (FTE) role may be offered on successful completion of the internship, subject to performance
